

*Welcome to the
Laebon Family!*

*Congratulations on the purchase
of your new custom home.*

Here is what you can expect next...

1. Design
2. Introduction to BuilderTrend
3. Interior & exterior selections for your new home
4. Final Plans
5. Permits

1. Design

Pre-Construction Blueprints, are the first drawings of your home and include:

- a) Plot plan (where your home sits on your home site)*
- b) Exterior elevation*
- c) Interior layout*

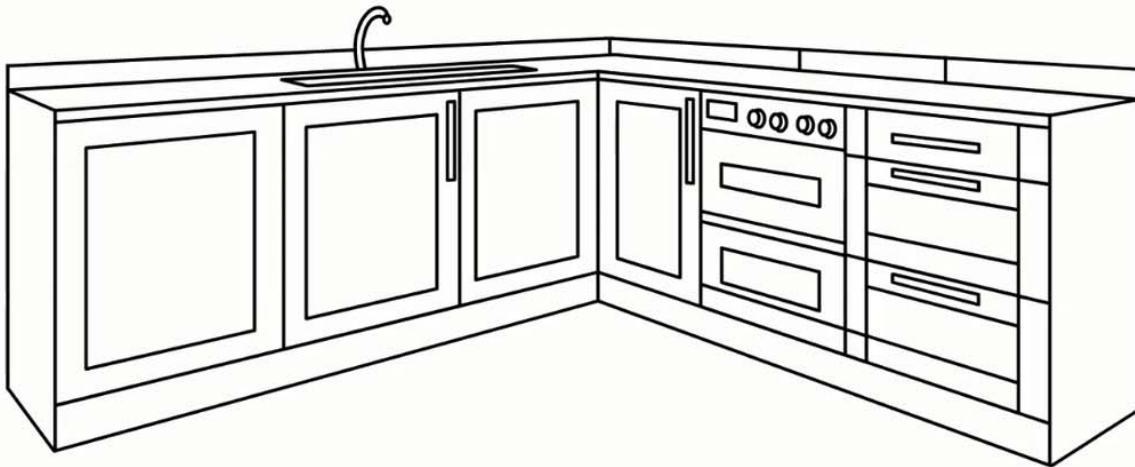

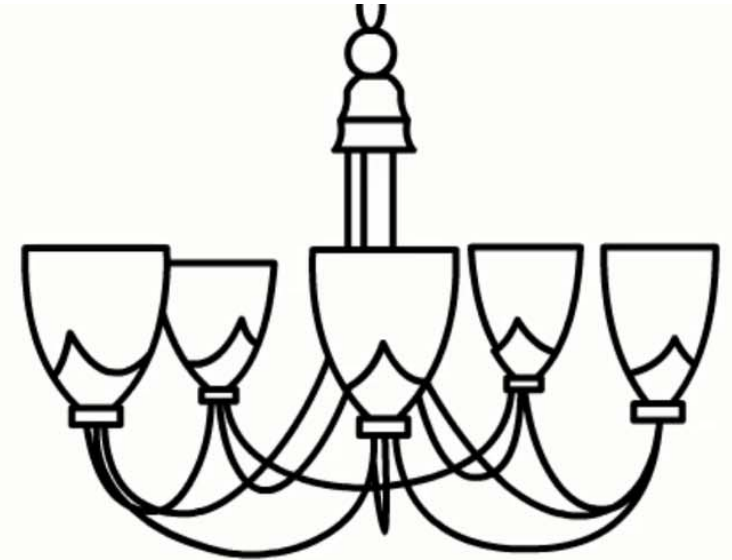

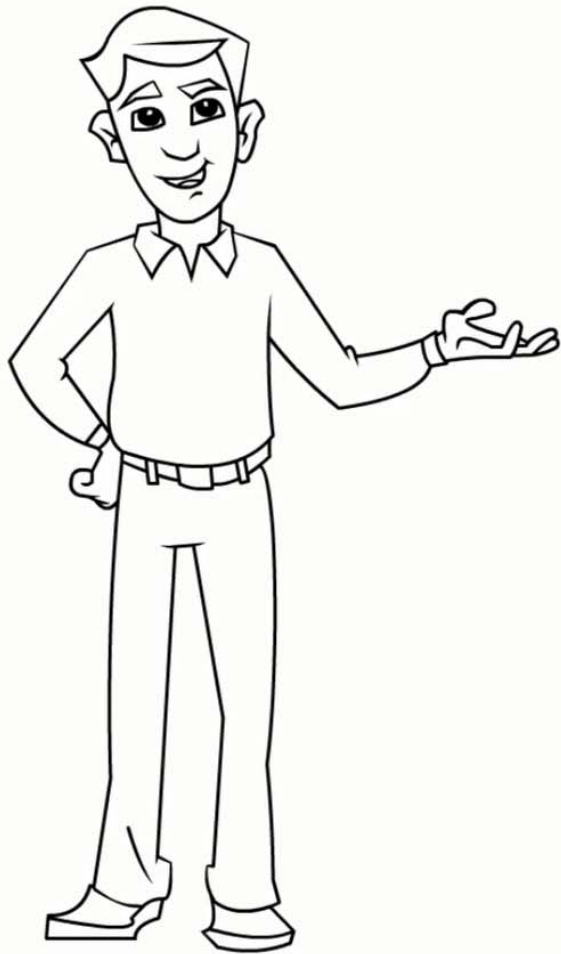

BuilderTrend is your online file cabinet and communication hub for your new home

- Status updates*
- Send your project manager or homeowner Liaison direct messages*
- All relevant documents are available here*
- Make your interior & exterior selections*

3. Selections for your new home

Our awesome team of supplier partners will work with you to pick items such as; Cabinets, Flooring, Lighting and more!

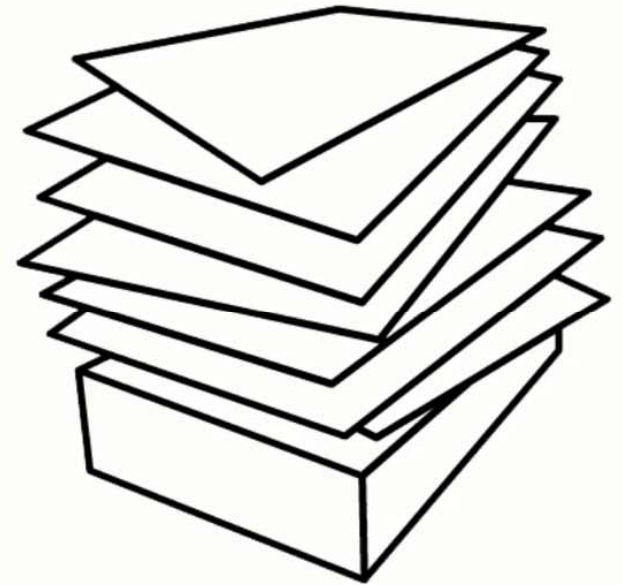

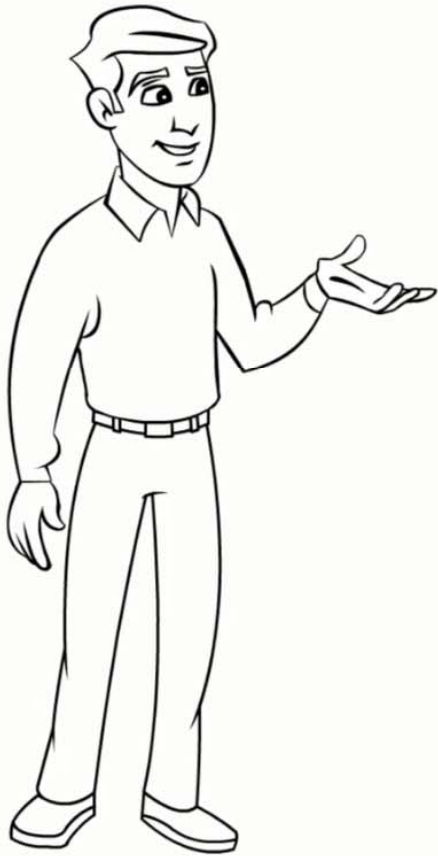

4. Final Plans

The final plans for your new home will be presented to you at the Pre-Construction Meeting. Your Project Manager & Sales Manager will go over the plans with you, once they are approved we head to the permit stage...

5. Permits

- Our team applies for permits for your new home
- Purchase orders will be sent out
- Your new home will be staked out and ready for construction
